To Whom It May Concern,

I am writing this letter on behalf of Justin Schecher, an undergraduate student currently majoring in Digital Arts & Design at C.W. Post / Long Island University. Justin recently informed me that he was applying for the Graphic Communications Scholarship this semester. When Justin transferred from Suffolk Community College to LIU Post in the summer of 2017 I reviewed his portfolio and remember being very impressed with his design skills and was excited to have a student of such quality enter our design program. Since then I have had Justin as a student of mine in numerous design courses over the past year and a half and during that time he has proven himself to be an excellent student, hard-working, and dedicated to becoming a talented designer. He is always willing to put in the necessary effort to reach a successful design solution whether that requires researching a project's subject matter, learning some technical aspect of a graphic design software application, or creating a series of design variations. His work is consistently among the best created in class. Justin takes great care in presenting his work in a professional manner and always submits his work on time. Besides having excellent creative and technical skills, Justin also has strong social skills, works well with others and is always polite.

Based on my experience with Justin Schecher I feel that I can wholeheartedly recommend him as a candidate for the Graphic Communications Student Scholarship that he is applying for and am confident that the high quality of his design work and his advanced skills should meet the necessary requirements for such an award. If you have any questions regarding this matter please feel free to contact me at (631) 753-4694.

Sincerely,

A handwritten signature in black ink that reads "Charles Conover".
